Creative Screen

Hand-drawn sketch of the Creative Screen interface. It features a grid of rectangular buttons and input fields. At the bottom, there is a button labeled "Other" and a button with a "+" sign. Below the screen, there are two dots, with the left dot filled and the right dot empty.

Developer Screen

Hand-drawn sketch of the Developer Screen interface. It is a blank rectangular area. Below the screen, there are two dots, with the left dot empty and the right dot filled.

Random words fading in&out on the background
Change background main color when a switch
happens between Creative ↔ Developer.
